75. If a member changes her Home Club she may play for her new Home Club providing she has not played for her original Home Club in any DCLGA Competition during the current EG year.

76. It is the responsibility of the Team Captain to field a team of eligible players. The penalty for any breach will be:
   (i) The game(s) will be awarded as a walkover to the non-offending team.
   (ii) There will be a deduction of two games and six points from the defaulting team’s final score.

77. After each match, Team Captains of the winning teams should send the results of matches to the County Inter-Club Match Secretary within three days.

78. If there is a query about the result, both Captains should contact the County Inter-Club Match Secretary explaining the problem before signing the match sheet. The County Inter-Club Match Secretary’s decision is final.

FORMATS
79(a) Teams consist of seven players who shall play in order of playing handicap. If there is more than one player with the same handicap, their order shall be at the Captain’s discretion. The penalty for a team playing out of handicap order is a deduction of two games and 6 points from the defaulting team’s final score.

79(b) Professional Caddies will not be permitted in inter-Club matches.

80 Still Cup matches are played off scratch. There is no handicap restriction, other than the requirement to play in order of playing handicap.

81 President’s Trophy matches are played off handicap (full difference). Players with handicaps of 21 or above must play off 20. No more than two single-figure handicap players may play in any match. Players with a handicap of 10 or higher will be allowed to play for the Still Cup team and if needed return to play for the President’s team without restriction. If two or more teams from the same Club are entered, no player who has played twice in the First Team is eligible to play in the Second Team. If a...
Second Team player has played only once in the Still Cup team and only once in the First Team, she may return to the Second Team.

Bronze Division players who play in a Still Cup or President’s Trophy team may also play for a Sheelah Creasy Bowl team.

82 **Sheelah Creasy Bowl** matches are played off handicap (full difference). Players must have a playing handicap in the range 21 to 36. If a player reduces her handicap to 20 or below, provided she has played at least half of her teams’ divisional matches for that year, she may continue to play for the Creasy Team off her new handicap. If two or more teams from the same Club are entered, no player who has played twice for the First Team is eligible to play in the Second Team.

**OTHER INFORMATION**

83. The number of divisions in each competition will be at the discretion of the County Committee. If a club has more than one team in a competition, they will be in different divisions. Additional draws will be made for the Semi and Quarter Finals, if applicable.

84. Each Club must play one home and one away match (over 18 holes) against every other Club in accordance with the draw. If, due to unforeseen circumstances, an entire team is unable to play an arranged match, penalties may be imposed; it is imperative that the County Inter-Club Match Secretary is consulted immediately. Team Captains are requested to offer a weekend match whenever possible.

85. If a participating Club cannot field a complete team, “walk-overs” of the seventh, sixth and fifth games are permitted in one match only, resulting in the appropriate loss of games and points. If a complete team cannot be raised a second time:
   (a) the Team shall be withdrawn from the competition
   (b) all games and points scored by it and against it will be cancelled, and
   (c) in the following year the Club will not be allowed to enter competitions as follows:
      (i) If the defaulting team is the Club’s first Still Cup team the club may not enter any Still Cup team.
      (ii) If the defaulting team is the Club’s second Still Cup team, the Club may not enter a second Still Cup team.
      (iii) If the defaulting team is the Club’s first President’s Trophy team, the Club may not enter any President’s Trophy team.
      (iv) If the defaulting team is a Club’s second President’s Trophy team, the Club may not enter a second President’s Trophy team.
      (v) If the defaulting team is a Club’s first Sheelah Creasy team, the Club may not enter any Sheelah Creasy team.
      (vi) If the defaulting team is a Club’s second Sheelah Creasy team, the Club may not enter a second Sheelah Creasy team.

86. **The Scoring System** A team will score a team win for a team match won, or a half for a halved match. The **Divisional winner** will be the team with the most team wins.

A points system will be used by the Inter Club Match Secretary to resolve ties (as follows):
- Individual Matches: Away win = 3 pts, Home win = 2 pts.
  - Away half = 1 1/2 pts, Home half = 1 pt.
- Overall Match: Winning team – based on number of matches won: Add 2 pts.
  Halved match – based on number of matches won: Add 1 pt. each
When all matches in the division are completed, if there is a tie the winner will be the team with the most points

**Best Runner(s) Up** will be the team(s) with the next most team wins. When required (if there are unequal numbers of teams in each division) the following calculation will be used to decide the runner(s) up: team matches won divided by matches played. In the event of a tie after this calculation has been made, the winner will be the team with the most points after applying the calculation points divided by the number of matches.

87...

88. Team lists must be exchanged no later than 15 minutes before the start of the match. After the team lists have been exchanged there can be no changes, except that a reserve may take the place of a nominated player who has subsequently become ill or injured, always provided that the correct order of the team can be maintained (see #79). However, if the reserve is present but it is too late to change the list so that the correct order can be maintained, the opponent of the nominated player shall score a “walk-over” but the defaulting team will not be deemed to be incomplete and will not be penalised under #85. (If a reserve is not present, the team will be deemed to be incomplete and the penalties under #85 will apply).

If, after Team Lists have been exchanged, it becomes apparent that a nominated player is likely to be late in arriving due to unforeseen circumstances, her Captain, may, with the agreement of the opposing Captain, arrange a later start for the delayed player and her opponent on the list.

If the delayed player fails to be on the tee within 45 minutes of the first players’ tee time, her opponent on the list shall score a “walk-over”.

89. A non-playing Team Captain may give advice. If the Team Captain is playing, she may authorise a non-playing member of the DCLGA as a deputy to give advice. See Note to Rule 8, Rules of Golf.

90. The divisional winners (together with best runners-up, if required) will go forward to Quarter Finals (if held), Semi-Finals and Finals to play on a knock-out basis. If a divisional winner is unable to send a team to these Finals, the second best club in the division may do so, provided it has played out all its matches.

91. The date and courses for the quarter-finals, semi-finals and final of each competition shall be chosen by the DCLGA Committee.

92. Quarter-final, semi-final and final matches are played to a conclusion, unless called in by a DCLGA official.
